

Home Learning for Reception

Week Beginning 6th November 2023

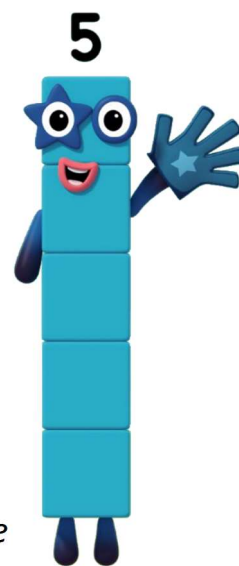

Dear Parents/Carers,

We would love to hear from you about your child's learning at home; to share this, please use the following email address: fshomelearning@exwickheights.devon.sch.uk . Thank you.

.....

Mathematics

During our Mathematics sessions we have been continuing to understand the purpose of counting, finding out how many objects there are altogether in a set, and deepening our understanding of 5. Children have been exploring ways to represent numbers to 5 on their fingers. We have also been singing counting songs such as '5 little men in a flying saucer' and '5 little pea pods pressed'.

*Can you find a collection of 5 objects at home and practise counting these?
Have a go at counting different groups of objects to find out how many there are altogether.*

Can you practise representing 5 in different ways on your fingers? E.g. 4 on one hand and 1 on the other.

Can you practise singing some of our counting songs?

Personal, social and emotional development (PSED)

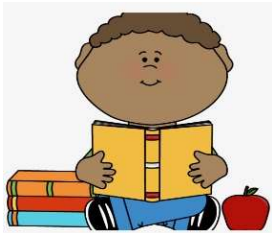

We are learning about celebrating difference and diversity. Children have been identifying things they are good at and understanding how everyone is good at different things. We will be learning that being different makes us special and unique. We will also be discussing how to stand up for ourselves and how to be a kind friend.

Can you think of something which makes you special and unique? Can you think of words you can use to stand up for yourself if someone is unkind?

Supporting with this through discussion and modelling at home will really benefit your child.

Literacy: Phonics

Read your home reading book each night. Use the guide on the inside of the front book cover to give you ideas about how to support your reading at home.

Your child may come home with a book that they have previously read. This is to help support their fluency with reading and building their confidence.

There are some videos that have been uploaded to the school website that show all the sounds we have learnt. These are brilliant videos to watch with your child at home to help them recognise and recall the sounds. To access the videos, please follow these instructions:

Type in our school website: <https://exwickheights.devon.sch.uk/>

Click on the tab pictured below (teaching and learning)
