

Home Learning for Reception

Week Beginning 30th October 2023

Dear Parents/Carers,

We would love to hear from you about your child's learning at home; to share this, please use the following email address: fshomelearning@exwickheights.devon.sch.uk . Thank you.

Mathematics

During our Mathematics session we have revisited our learning of shapes! We talked about what shapes we already knew and thought about how much we could remember about squares and rectangles.

We looked at what different shapes we could find around our classroom! Can you go on a shape hunt and see how many shapes you can find at home? Have a go at counting different shapes and see which shape you can find the most of!

We also experimented with making patterns with shapes. Can you use some of the shapes you have found at home to make a pattern? Can you make a different pattern to your adult?

Literacy: Phonics

Read your home reading book each night. Use the guide on the inside of the front book cover to give you ideas about how to support your reading at home.

Your child may come home with a book that they have previously read. This is to help support their fluency with reading and building their confidence.

There are some videos that have been uploaded to the school website that show all the sounds we have learnt. These are brilliant videos to watch with your child at home to help them recognise and recall the sounds. To access the videos, please follow these instructions:

Type in our school website: <https://exwickheights.devon.sch.uk/>

Click on the tab pictured below (teaching and learning)

Teaching & Learning ▾

Click on Phonics and Early Reading

Then the (click here to visit) link pictured below.

Little Wandle's website ([click here to visit](#)) provides lots of useful information for parents/carers, including:

- Support for phonics
- How we teach
- Support for reading
