

Thursday 22nd February

Dear Parent/Carers,

Please find below some ideas for guiding your children's learning at home. Remember, you can email photographs or observations of your child's Home Learning to:

y2homelearning@exwickheights.devon.sch.uk

Internet Safety

We marked Internet Safety week just before half term by reading some of the Digiduck stories. Use the link below to revisit these with your child and to prompt a discussion in your house about the importance of internet safety. Do your devices have child safety restrictions installed? Does your child understand how to keep themselves safe on the internet? As a family, what are your rules about where and when it is OK to use devices. Tell us all about it!

Online Learning

Please spend time this week exploring and competing any tasks that you have been set on:

SPARX, Sumdog and Spelling Shed

Maths

Keep practising your times tables. Ask an adult to give you lots of quick-fire questions and / or use these websites to help.

Science

We are looking at plants this half term in Science! Go out for a walk and see how many signs of Spring you can spot! Take photographs of what you can see or draw pictures in your books. How many of the plants and early flowers that you see can you identify? How many are you not sure about? Can you ask family members or use the internet to help you name them all?

Reading: Remember to read at least 3 times a week!! Make sure an adult records your reading in your reading journal and then bring this to school every MONDAY for a read to succeed ticket!
